**Note: For Natural Born Citizenship (NBC) clause status per natural law, and the law of nations, and relevant U.S. Supreme Court rulings such as Venus (1814), Minor v Happersett (1875), and Perkins v Elg (1939); it is not where the parents were born that but that both parents were Citizens (via birth or naturalization) of the United States at the time of the birth of their child. Both parents must be U.S. Citizens when their child is born in the USA for that child to be a "natural born Citizen" of the USA. It is important to note that until recent times foreign born women gained naturalized status upon marrying a U.S. Citizen husband or upon the naturalization of the husband under the legal concept of citizenship fusion in a marriage. The Citizenship of the wife was always legally fused to that of her husband until more recent times.**

45. Donald John Trump Article II (NBC) both parents Citizens when he was born – born in 1946 NYC

<sup>1</sup> Obama was seated due to FRAUD about his nativity story assisted by subversive corruption in the media of the legal meaning of NBC with the willful neglect of Congress. Obama's father was a foreign national. His father was never a U.S. Citizen nor was Obama's father even an immigrant to the USA or ever a permanent resident in the USA. His father was only sojourning in the USA attending college and went back to Kenya after completing his education. Obama claims he was born in 1961 allegedly in HI, but his birth registration most likely was falsified by the maternal grandmother. No hospital record of his birth has been produced. No name of an attending physician, mid-wife, or paramedic called to the scene of a speculated home birth report exists. No independent witnesses to the claimed birth in Hawaii have ever been named or surfaced. No pre-natal care records exist in Hawaii for Obama's mother. There is no record of his mother even being in Hawaii in August 1961, the alleged month of Obama's alleged birth in Hawaii. A false registration of birth at home in HI with no witnesses would have generated the vital record in HI and also would have generated the two newspaper ads. Those ads were placed automatically by the state, a result of all birth registrations – real or falsified. And to further contradict the Hawaiian birth nativity story of Obama, there are many accounts by Obama's paternal family in Kenya, Kenyan government officials, and Kenyan and African newspapers that Obama really was born in the hospital in Mombasa, Kenya. No other President in history has had so many accounts attesting to his being foreign born and/or can provide NO contemporaneous birth witnesses or evidence to corroborate this claim to a U.S. birth.

<sup>2</sup> [Ted Cruz claims to be a “naturalized” citizen. His Canadian Birth Certificate verifies that his mother was born in America & his father was a Cuban. Ted Cruz rescinded his Canadian citizenship in 2014. Ted is not qualified to be POTUS nor VPOTUS because he is not born of two American citizens.

Marco Rubio's parents were Cuban nationals when he was born. Marco Rubio is not qualified to be POTUS nor VPOTUS because he is not born of two American citizens. Marco Rubio was an anchor baby for his parents.]
